Dear Mr. Collier,

This letter serves to confirm to your potential donors that the New Mexico Community Foundation is serving as fiscal sponsor to Cultural Energy, A Non-Profit Organization Creating Media Voices of Youth, Arts & Activism for Northern New Mexico. This sponsorship qualifies any contribution received from an individual, business, or any foundation as a charitable contribution, and the donor will receive a substantiation letter from NMCF. Should any potential contributor have questions, please direct them to me and I will be happy to explain the sponsorship arrangement.

We look forward to your organization's success as community support becomes widespread.

Sincerely,

Michael Chamberlain
Chief Operating Officer
